"Where the Brightest Minds in the Textile Industry Meet"

CAIRO TEXTILE WEEK'26

Are you ready to elevate your textile, fashion, or manufacturing business to global standards?

Hosted by Egy Stitch, Cairo Textile Week 2026 is the region's premier epicenter for modern textile innovation, bridging the gap between cutting-edge material science and commercial scale.

Whether you're a textile manufacturer, engineer, creative director, fashion designer, or a textile industry representative, this event brings you face-to-face with the technologies and strategies redefining our industry:

- Advanced Yarn & Material Engineering
- Dyeing & Multi-Functional Finishing:
- Textile Digital Printing Breakthroughs (ITEX):
- Commercial Foresight & Trend Analytics: Bridge creative design with production yield across the market

Why Attend?

Gain actionable technical protocols, eliminate costly chemical non-compliance, optimize your supply chain efficiency, and network with global textile leaders under one roof.

**Secure your spot today
and lead the next wave
of fabric innovation!**
